## SUMMARY

- Chartered Accountant with hands-on experience in implementing accounting, compliance, and payroll software for SMBs.
- Strong at translating finance and regulatory requirements into scalable systems using Zoho, APIs and Python.
- Passionate about building products that automates accounting, compliance workflows.

## EXPERIENCE

Accounting Transformation Partner 11/2024 - 11/2025  
**R Ramani & Associates** Chennai, India

- Accounting Transformations & Zoho Finance Partner
- Led Zoho Books implementations and Tally-to-Zoho migrations. Redesigned accounting structures and introduced automation-ready workflows to reduce manual effort.
  - Provided high-level FEMA, payroll, and transactional advisory to foreign entities and listed companies. Aligned cross-border operations with Indian regulatory and compliance requirements.
  - Architected revenue recognition and e-commerce accounting models by designing scalable Chart of Accounts and automation-ready transaction logic.

Founder's Office Role 05/2024 - 10/2024  
**Mekuba Petro Products** Chennai, India

- Manufacturer of Industrial Oils & Lubricants
- Transformed a legacy business's sales operations by implementing a website-driven lead capture system, a lightweight CRM pipeline, and workflow automations, improving sales visibility and follow-through.
  - Architected SOPs and process workflows by replacing unstructured inputs with form-based data capture, creating analyzable datasets, and improving process consistency.
  - Drafted and negotiated commercial contracts and deals. Liaised with vendors and customers to optimize payment terms, accelerating collections, and reducing the receivables cycle.

Audit Senior Associate 03/2020 - 05/2023  
**Deloitte** Chennai, India

- Statutory Audit Department
- Led statutory audits, limited reviews, and tax audits for large and listed entities, translating complex regulatory requirements into structured audit workflows and control frameworks.
  - Designed Power BI-based audit analytics dashboards to surface financial trends, risk indicators and anomalies, enhancing decision-making for audit and finance teams.
  - Designed and automated checklist-based audit and compliance workflows, transforming manual regulatory processes into scalable, repeatable systems.

## EDUCATION

Chartered Accountant 07/2018 - 05/2024  
**Institute of Chartered Accountants of India**

High School (Accounts & Commerce) 02/2003 - 04/2018
